

ANGRY MOB,

With Shot Guns, Meet Health Officers at Raine, La.

They Were Ordered to Turn Back, Which They Did.

They Were Out With a View of Bailing the Quarantine Embargo Against the Mail Business at New Orleans.

NEW ORLEANS, Oct. 1.—President Oliphant, Dr. Carver and Dr. John Guiteras reached the city early Thursday morning. They had left Wednesday to meet Dr. Swearingen and other health officers, with a view of the raising of the quarantine embargo against freight, and had very tough experience. At Raine a mob with shotguns prevented their further progress, and they were ordered to turn back, which, under the circumstances, they were compelled to do. During their trip they encountered some twenty-four representatives of health boards and held a meeting at Cade, at which they fully discussed the situation here and elsewhere and adopted resolutions tending to relieve the congestion of freight. A committee was appointed to communicate with the authorities on the lines of the Texas & Southern Pacific, with a view to securing an amelioration of present oppressive conditions. All those in the party said they thought that the trip would result in great good. Dr. Guiteras took his experience very much more seriously, although surprised at the terrorist incident in some of the country districts. He will stay here at the St. Charles hotel, and will wait orders before making any attempt to proceed to Beaumont.

The authorities Thursday are busily engaged in making arrangements for moving more patients into the yellow fever hospital on Canal street. There are more than a dozen patients now, but several others will be moved in Thursday.

Dr. Archibald reported to the board that he had found a very suspicious case on Royal street of a boy who had been in the detention camp and who had been taken to the quarantine house in which he was found is filled with Turks and foreigners, who are in very ugly mood and are very frightened. An extra force was sent to take care of these people and quarantine the premises.

The board of health has made arrangements to provide quarantined people with apparatus for fumigating letters which they desire to send to the post office. Mail from these people has gone to smash owing to the number of trains that have been taken off the fact that they have been taken off the fact that they have been taken off the fact that they have been taken off.

There were two deaths from yellow fever reported in this city Thursday and 20 new cases.

Chief Sanitary Inspector Woods said Thursday night that the situation generally was not very bad because only a few cases of fatal illness had been apprehended. Most of the patients in the city are doing well. Half a dozen were discharged Thursday.

THIRD GAME

Of the Cup Series in the Western League won by Indianapolis.

COLUMBUS, O., Oct. 1.—About 1,300 people witnessed the third of the games in the cup series between Columbus and Indianapolis Thursday. Both pitchers received brilliant support at the field, the fielding of Merrie and Hogberg being the features of the game. McCarthy was the winning pitcher, hitting four safe hits out of as many times at bat, one of them for three bases. In the ninth inning, with the score tied, Gray hit for two bases after one man was out. McCarthy then returned the ball to the pitcher, who could not get past third. McCarthy was the next man up, and as he had already made four hits, he was allowed to walk to first. Then Kahoe swung hard at the ball and it bonked off the field and rolled down the third base line so slowly that the catcher held it and could not prevent Gray crossing the plate with the winning run. Following was the winning run.

The Favor at Clinton, Miss.

CLINTON, Miss., Oct. 1.—Excitement in Clinton again reached fever heat Thursday when it was announced that Rev. J. L. Pettigrew, his daughter-in-law, Mary Pettigrew, and little grandson had been taken sick with yellow fever during Wednesday night.

All were associated with the Clinton family, three members of whom are already sick. The disease is plainly traceable to River. The town is rapidly being depopulated.

Grand Jury Ignored the Mills.

PRINCETON, Pa., Oct. 1.—The grand jury Thursday ignored the bill against the miners' leaders who were charged with riot and unlawful assembly by T. B. Deamant as a result of the trouble at the Unity. Among those named the four informants that came before the grand jury were Patrick Dolan, Wm. Warner and Cameron Miller. The costs in the case were paid on the county.

Favor for Representation.

WISCONSIN, Minn., Oct. 1.—The Minnesota Methodist conference Thursday by an almost unanimous vote declared itself in favor of equal representation in the general conference. The proposition was debated quite warmly and finally adopted by a vote of 10 to 6.

The San Francisco Sails From Alameda.

ALAMEDA, Cal., Oct. 1.—The United States cruiser San Francisco, flagship of Admiral Beddie, which left here September 23, sailed Thursday for the westward.

SENIOR SAGASTA.

It Is Thought His Return to Power Will Have an Important

And Very Beneficial Effect Upon the Cuban Question

And the Relations Between the United States and Spain—The Crisis Is Not Likely to Continue More Than Five or Six Days.

LONDON, Oct. 1.—A dispatch to the Standard from Madrid says:

The consultations of statesmen and generals are likely to last until Saturday as Marshal Campos, Senor Sagasta, Senor Pidal and Senor Montero and Senor Rios are not reaching Madrid before Friday.

The queen regent had a long interview Thursday with the duke of Teano, Senor Cayetano and Senor Alcazar. The last named recommended a liberal cabinet should the conservative cabinet continue.

"The prospect of Senor Sagasta returning to power is well received in political and financial circles, and the decision arrived at by the queen regent in hastening the solution of the crisis is much praised."

Washington, Oct. 1.—The feeling that Sagasta is to be the coming premier, either at once or after the transition ministry retires, leads to many favorable comments on his ability to hastening the solution of the crisis is much praised.

Those conversant with the Spanish situation as the crisis is not likely to continue beyond five or six days, as Spain can not afford to be without a cabinet for any great length of time at the juncture. The summoning of Sagasta to Madrid will not, it is said, show positively that he is to form a cabinet.

The queen regent is expected to summon the leaders of all elements, to the number of 100 or more, not to get their political views, but to learn from them the state of public opinion. From these consultations the queen is enabled to determine which form of ministry she would prefer to have.

What leaders will be most acceptable to the people. Her summoning of a leader to form a cabinet is also conditional, and it remains for him to learn, after conferring with his party associates, whether he can present a ministry capable of leading the crown and capable of commanding public support. For the present the crisis has had the effect of postponing action on questions between the United States and Spain, as nothing can be done by either country until a permanent ministry is formed.
